

ASCR Data Items for V18

R = Required * D = Derived Required When Available	Supplemental/Optional Fields	
	Central Registry	
	New = New data item <i>= No recommendation</i> <i>*= See NPCR Collection Key</i>	

ASCR Data Items Color Coding System: Colored items in the table indicates the data item is required for ASCR.

D	Derived
R	Required
R*	Required, when available
RN	Collect according to NPCR stage transition schedule
RS	Required, site specific
RS*	Required, site specific, when available
RH	Required historically(for historical cases)
RH*	Required historically, when available
